KITCHEN FURNITURE

Dear Customer,

We are pleased to inform you that from **Monday 11 May 2020**, we have resumed production at our manufacturing premises in Wymondham.

Over the past few weeks, we have been preparing for a phased return to work for our employees: from May 11th, we are slowly increasing the size of our operations team. This is because due to the continued restrictions of the Covid-19 lockdown, we are limited to the number of employees on site at one time to ensure that we can safely practice social distancing at work.

As you can imagine, the government-mandated lockdown requiring us to close has affected our schedule and lead times, and we will be reopening at reduced capacity. Rest assured, we are continually evaluating how we can work hard but safely to 'return to business as usual' over the coming weeks. Our plans will continue to be led by, and in adherence to, government policy.

We are very grateful to you for your patience while we have prepared for this phased return to commence – and we look forward to speaking with you soon now that we are able to progress projects through to manufacture once again.

Sincerely,

Bryan Turner
